1. Measure A Overview

Voter passage in November 2008 of the Road Repair, Traffic Relief and Transportation Safety Measure (referred to as Measure A), will provide approximately \$1.0 billion for transportation needs over 30 years within Santa Barbara County, from 2010-2040. The dedicated sales tax revenue generated will help leverage and match an estimated \$0.5 billion in state and federal funds. Measure A went into effect and revenues began to be collected on April 1, 2010. Funds will be spent in accordance with the Investment Plan that was part of the measure.

The Investment Plan calls for the North County and South Coast to each receive 43.3 percent of revenues, estimated at \$455 million in funding over 30 years, for high priority transportation projects and programs that advisory committees in each region have selected to address the current and future needs of that region.

Per California state law, it is the intent that the revenues provided from the Measure A sales tax program be used to supplement existing local revenues being used for the purposes set forth in the Investment Plan.

2. Program Description

Included in the South Coast subprogram is the Regional Bicycle and Pedestrian Program. The purpose of the program is to fund projects through a competitive grant process that would expand and improve the South Coast's regional bicycle and pedestrian facilities network.

The Investment Plan requires that each jurisdiction spend a minimum percentage of their local street and transportation improvement funds on eligible alternative transportation projects. Any funding a jurisdiction receives from the Regional Bicycle and Pedestrian Program is separate from this requirement and cannot be used to meet these minimum alternative mode percentages.

3. Eligible Applicants

Eligible applicants include the cities of Carpinteria, Goleta and Santa Barbara and the County of Santa Barbara. School districts, universities, colleges, transit agencies, and Caltrans are eligible to compete for funding with a city or county co-sponsor.

A School district, university, college, transit agency or Caltrans may sign the application as an "applicant" with a local agency signature as co-sponsor. Entities other than those listed above, such as a non-profit organization, can coordinate with a local agency to submit an application, but may not sign the application as an "applicant."

4. Role of the Santa Barbara County Association of Governments

- a) SBCAG as the Local Transportation Authority (LTA) for Santa Barbara County is responsible for administering the Measure A sales tax program and the South Coast Regional Bicycle and Pedestrian Program. SBCAG staff, in coordination with the scoring committee, shall review and recommend applications for available funds to the South Coast Subregional Committee of the SBCAG Board. The Subregional Committee shall recommend projects for funding to the full SBCAG Board. Once projects are approved for funding by the full board, staff will work with sponsors on delivering projects in a timely manner.

- b) Funds requested from the program will supplement, not supplant, local funds that have traditionally been used for safe routes to school, bicycle and pedestrian projects.
- c) After projects have been approved by the SBCAG Board, projects will be programmed in the Measure A Authority Program of Projects under the South Coast Authority Projects section.

5. Role of Scoring Committee

SBCAG will establish a scoring committee to evaluate and select projects recommended for funding. The Scoring Committee will be comprised of one representative each from: the Cities of Carpinteria, Santa Barbara, Goleta and the County of Santa Barbara; the Santa Barbara Bicycle Coalition; COAST; the Parent Teachers’ Association; Santa Barbara MTD; Caltrans; and, if possible, a government agency outside Santa Barbara County.

SBCAG staff will facilitate the scoring process and will provide programming recommendations on projects selected by the scoring committee. Projects will be proposed for funding based on priority given by the Scoring Committee. The highest and lowest scores will not be used in the committee scoring process. The Scoring Committee will recommend projects for funding to the South Coast Subregional Committee and the SBCAG Board.

6. Call for Projects Frequency

SBCAG shall conduct a call for projects covering three years (Fiscal Years (FY) 2010/11 to 2012/13) for cycle 1 of the South Coast Regional Bicycle and Pedestrian Program. There will be a call for projects approximately every three years. The cycle 2 call for projects, covering FYs 2013/14 to 2015/16, will take place during FY 2012/13.

7. Available Funding

- The Measure A program includes \$13 million for the South Coast Regional Bicycle and Pedestrian Program over the 30-year life of the Measure A program.
- The following are the estimated available amounts for Fiscal Years 2010/11 through 2012/13.

	FY 10/11	FY 11/12	FY 12/13
Annual	\$334,209	\$345,776	\$312,291
Cumulative Total	\$334,209	\$679,985	\$992,276

Program funding is available in or after the year it is programmed. Funding requests in a particular fiscal year should not exceed the amount of cumulative funding that is available for that fiscal year.

8. Eligible Project Implementation Activities

Project implementation activities that are eligible for reimbursement include:

Capital Projects

- Planning and project development
- Preliminary engineering
 - o Environmental clearance
 - o Preparation of Plans, Specifications and Estimate (PS&E)
- Right-of-way
 - o Engineering
 - o Appraisals and acquisition
 - o Utilities
- Construction
 - o Construction costs
 - o Construction engineering
 - o Construction management
- Maintenance

Plans & Studies

- Bicycle and Pedestrian Master Plans
- Studies (including surveys and counts)

Programs

- Education/Awareness/Outreach
- Encouragement/Marketing
- Safety programs

9. Pre-Application

Project sponsors must complete a pre-application for each project by a date to be announced by SBCAG. Pre-applications will be summarized by SBCAG and posted on the Measure A website. The purpose of the pre-application is to determine the amount of cycle 1 funding that may be requested compared to estimated revenues available and to determine if a project meets eligibility criteria. Using this information, prospective project sponsors may then make an informed decision about the likelihood of their project receiving funding, and decide whether to invest the time in completing a full project application.

10. Application

Project sponsors must complete an application for each project by a date to be announced by SBCAG that will request information including but not limited to agency contact information, project or program scope, cost estimates, schedule, partner agencies, and matching funds. The

South Coast Subregional Committee of the SBCAG Board will approve the application prior to a call for projects.

After a call for projects is made, applicants will have approximately six (6) weeks to prepare their application(s). A submittal deadline date will be cited when the call is announced.

11. Evaluation/Scoring Criteria

The Scoring Committee will evaluate applications according to the following criteria:

CAPITAL PROJECTS CRITERIA

- 1) Safety
 - a) Project will improve safety of pedestrians and/or bicyclists. Priority will be given to projects/programs that directly address demonstrated safety needs.
- 2) Demand
 - a) Serves a high volume of existing or potential pedestrians and bicycle riders.
- 3) Access and Connectivity
 - a) Priority to projects that provide or improve bikeway/pedestrian facility continuity to activity centers such as public buildings, transit facilities including bus stops, business districts, shopping centers, schools, etc.
 - b) Priority to projects that provide interface with other modes of transportation.
 - c) Priority to projects that eliminate a gap or overcome an obstacle in a bicycle or pedestrian facility, allowing more convenient and safer travel.
- 4) Outside Funding
 - a) Priority to project(s) that have secured funding from other sources, including, but not limited to, Measure A Local Streets and Transportation Improvement Funds, or will use Measure A funds to leverage other funding.
- 5) Local Support
 - a) Project is in a locally or regionally adopted plan; or
 - b) Community outreach has been or is being completed; or
 - c) There is other demonstrated community support
- 6) Project Readiness & Schedule

Submitted projects will be ranked based on project readiness. Priority will be given to:

 - a) Projects which are fully funded, if application is approved.
 - b) Projects which have considered and, if needed, resolved any foreseeable implementation issues.
- 7) Trip Purpose

- a) Priority will be given to projects that serve primarily utilitarian trips, then to projects that are primarily used for recreational purposes.

PLANS & STUDIES CRITERIA

1) Plan Status and Study Significance

- a) Priority to jurisdictions with no bicycle or pedestrian plan, then to those with plans that are more than five years old, and thereafter to those with plans between three and five years old.
- b) Priority to studies that can be applied outside the jurisdiction completing the study and that can be shared with other jurisdictions.
- c) Priority to studies that have regional significance beyond their local benefits. Completion of study is advantageous to the regional network.

2) Outside Funding

- a) Priority to plan(s) that have secured funding from other sources, including, but not limited to Measure A Local Streets and Transportation Improvement Funds, or will use Measure A funds to leverage other funding.

PROGRAMS CRITERIA

1) Safety

- a) Priority to programs that focus on the safety of pedestrians and/or bicyclists.

2) Demand

- a) Priority to programs that serve a high number of South Coast residents.

3) Outside Funding

- a) Priority to program(s) that have secured additional funds, including, but not limited to Measure A Local Streets and Transportation Improvement Funds, private donations and grants, in-kind donations, and volunteer hours.

4) Local Support

- a) There is demonstrated community support for the program; or
- b) Project is in a locally or regionally adopted plan.

5) Effectiveness

- a) Program (or similar programs) has been shown to be effective at encouraging bicycling and/or walking, or improving bicycle and/or pedestrian safety.

6) Implementation/Readiness

- a) Priority to programs have considered and, if needed, resolved any foreseeable implementation issues, have partnering agencies (if any) that have fully coordinated on

program implementation, and for which program details are substantially determined in order to allow quick implementation once funding is received.

12. Consideration of Fairness and Equity

It is the intent of this program to fund a variety of bicycle and pedestrian projects and programs throughout the South Coast. Prior to each funding cycle, SBCAG will review previously funded projects to determine if program funds are being distributed fairly and equitably throughout the region and between project types.

If not, appropriate methods to ensure a fair and equitable distribution of funds will be developed with the assistance of local agency staffs and other stakeholders and recommended to the Subregional Committee and full SBCAG Board for approval.

13. Timely Use of Funds

To ensure that all funded projects are delivered in a timely manner, project sponsors must follow timely use of funds requirements for projects. If project sponsors do not meet the timely use of funds requirements, then extensions may be requested at the recommendation of the South Coast Subregional Planning Committee and approval of the SBCAG Board.

The timely use of funds schedules are as follows:

Capital Projects

Preliminary Engineering, Environmental and Design Projects must begin in the fiscal year they are programmed and be completed by the end of the following fiscal year. Project sponsors will have the opportunity to request one extension of up to 6 months for preliminary engineering, environmental and design projects.

Construction Projects must begin in the fiscal year they are programmed and be completed by the end of the second fiscal year following the fiscal year in which the funds were programmed. Project sponsors will have the opportunity to request one extension of up to 18 months for construction projects.

Plans & Studies

Plans and studies must begin in the fiscal year they are programmed and be completed by the end of the following fiscal year. Project sponsors will have the opportunity to request one extension of up to 12 months.

Programs

Programs must begin in the fiscal year they are programmed and be completed by the end of the final program fiscal year. Project sponsors will have the opportunity to request one extension of up to 12 months.

Extensions

The SBCAG Board may extend the deadlines for timely use of funds no more than one time and only if it finds that an unforeseen and extraordinary circumstance beyond the control of the responsible agency has occurred that justifies the extension. The extension will not exceed the period of delay directly attributed to the extraordinary circumstance and will in no event be for more than the duration of time listed above for each type of project or project phase.

The extension request should describe the specific circumstance that justifies the extension and identify the delay directly attributable to that circumstance. The request should also identify any cost increase related to the delay and how the increase would be funded.

Any project or project phase granted an extension may not compete for additional funding for a subsequent phase until that project or project phase has been completed and funds are expended.

If any agency does not meet the timely use of funds requirements, then unused funds programmed to the project will be forfeited and be made available for programming in a special or subsequent funding cycle.

14. Cooperative Funding Agreement

Sponsors awarded funding will be required to sign a cooperative agreement with SBCAG for the project defining the scope, estimated cost, schedule for the project, progress reporting requirements, reimbursement process, timely use of funds deadlines, etc.

15. Reimbursement Program

It should be emphasized that the South Coast Regional Bicycle and Pedestrian Program is a reimbursement program. Awardees must use their own funds first and submit invoices to SBCAG for reimbursement according to the process described in the cooperative funding agreement.

16. Progress Reports

A progress report will be used to document completed activities for all funded projects. Semiannual progress reports must be submitted to SBCAG by January 15th and July 15th of each fiscal year for which funds are programmed until project or program completion in order for the project to remain eligible for reimbursement. Non-compliance will place the project on the inactive list. A project which remains on the inactive list for one year will forfeit its funds and the funds will be made available for programming in a special or subsequent funding cycle.

Project completion reports must also be submitted to SBCAG within 6 months after a project has been completed.
